### Widener University Immunization Record and IGRA Blood Test Requirements

Any NEW International Undergraduate Exchange students here one semester, International Graduate students, and any other residential students living in a residence hall must complete this form with vaccination dates. \* Once completed, this form, your immunization record and IGRA blood test results ALL must be uploaded to the Student Health Portal. \*

The following immunizations are mandatory:

1. **Tdap Booster** (Tetanus/Diphtheria/Pertussis) - must be within the last 10 years

Tdap Date \_\_\_\_/\_\_\_\_/\_\_\_\_

2. **Meningitis A,C,Y,W-135** (Menactra or Menveo) - two doses required with one dose required at 16 years of age or older and one within the last 5 years. Vaccine is required for students under the age of 23 years old

Dose # 1 Date \_\_\_\_/\_\_\_\_/\_\_\_\_

Dose # 2 Date \_\_\_\_/\_\_\_\_/\_\_\_\_

3. **IGRA Blood Test (TB Screening)** – IGRA testing is the only accepted Tuberculosis (TB) screening test. **PPD skin tests will not be accepted.** Will accept either: QuantiFERON Gold or T-Spot. IGRA blood test must be completed within one year prior to your start date. **Attach results with date of collection and your full name.**

- First time positive IGRA result needs to be followed up with a Chest X-ray and evaluation by Primary Care Provider or local Department of Health. X-ray report and medical documentation must be submitted
- A history of latent or active Tuberculosis requires a Chest x-ray within the past year and documentation of treatment. X-ray report and treatment documentation must be submitted
